

+ TOOLS AND RESOURCES FOR SCHOOL HEALTH CENTERS +

Access to Care: Uninsured Helpline. The Foundation for Health Coverage Education works to simplify public and private health insurance eligibility information in order to help more people access coverage. Their toll-free telephone service (800-234-1317) helps uninsured California residents obtain health coverage. The foundation's website offers the California Health Options Matrix, a guide outlining all of California's public and private health care options for individuals and groups, as well as a health insurance eligibility tool, which creates a customized profile of possible qualifying health plans for users. <http://coverageforall.org/>
