

## **PSA ANNOUNCEMENT**

Thank you for your station's valuable support in the "Coverage For All" 2006 campaign!

**Start Date: February 1, 2006**

**End Date: No end date**

**Reading Time: 30 Seconds**

If you or someone you know is expecting a baby and needs health insurance, California's Aid to Infants and Mothers program provides comprehensive medical coverage before, during, and after your baby's birth if your 3-month income is less than \$6,000.

The truth is that free and low cost health insurance is available in California for 3 million qualified residents who are not signed up.

Call the California Uninsured Help Line at 1-800-234-1317 to find out more. That's 1-800-234-1317. Call today.

## **PSA ANNOUNCEMENT**

Thank you for your station's valuable support in the "Coverage For All" 2006 campaign!

**Start Date: February 1, 2006**

**End Date: No end date**

**Reading Time: 60 Seconds**

If you or someone close to you is expecting a baby but is without health insurance, you should know that California's Aid to Infants and Mothers program, or AIM, provides comprehensive medical care before, during, and after the baby's birth if the 3-month income is less than \$6,000.

The truth is that free and low cost health insurance is available in California for An estimated 3 million qualified residents who are not signed up for available programs.

Call the "Coverage For All" campaign's 800 help line to find out if you qualify for government funded health coverage. Let's reverse this health care crisis. Call the helpline at 1-800-234-1317.

That's 1-800-234-1317. We have live counselors 24 hours a day seven days a week to help you. Call today. This message is provided by the Foundation for Health Coverage Education.
